Dream up that unforgettable wedding experience...

Qii House Eco Meditation and Relaxation Retreat is the pristine harmonious space to set the tone of your tranquil green wedding. This hidden organic architectural gem is set in the heart of the Great Otway National Park and is simply luxurious with fresh mountain air. Set high in the tall timbered blue gums and abundant tree ferns in marshmallow clouds, Qii house is a whimsical vision and the perfect space to spark romance and imagination.

The abundance of natural fauna and flora at your doorstep; exclusivity, stillness and romanticism is an eco-tourist's paradise. Why not relax in the treetops on the underfloor lit sunset deck sipping champagne and eating treats from the deluxe gift-wrapped hamper or drift into the night under the stars on the daybeds listening to a bush orchestra. The 'fan-shaped' deck is elevated and the perfect platform for star-gazing and animal spotting. There are ample eco-tourism attractions close by, including 10 waterfalls within a 10km radius, copious hiking and mountain bike tracks, canoeing, the Glow worms at Lavers Hill, berry

picking farms, fishing and the 'Great Ocean Road', or for something more relaxing, board games and books are available for use, nature hiking sticks and some basic gym items. Or for the spirited alfresco cook, there are outdoor cooking facilities. In-house catering can also be arranged. Complimentary spa vouchers for the bride and groom or a couple's massage are available for a minimum stay of 3 days. A mobile masseuse can also be arranged to visit on-site. Why not indulge the moment and be pampered in the simple luxuriance of this Australian native bush hideaway.
